

# 2021 RMFMS Convention

## Junior Program

The American Federation of Mineralogical Societies will have a booth that will give lots of information about the junior program for your juniors in your club. We are hoping this will entice adults to become JR leaders. This is a perfect way to grow your club for sure.

We would also like to have a workshop for leaders sometime during a breakout session. A date, time and place will be announced and be put on the master list of programs for the convention.

Does your club have a junior program? If not, perhaps the workshop would work out with your club members that either are or are thinking about being leaders! This will be the perfect opportunity to learn all about it and get it going in your home club.

We will be hosting a Pizza a party for juniors and the parents on Sunday at 12:00 noon.
